

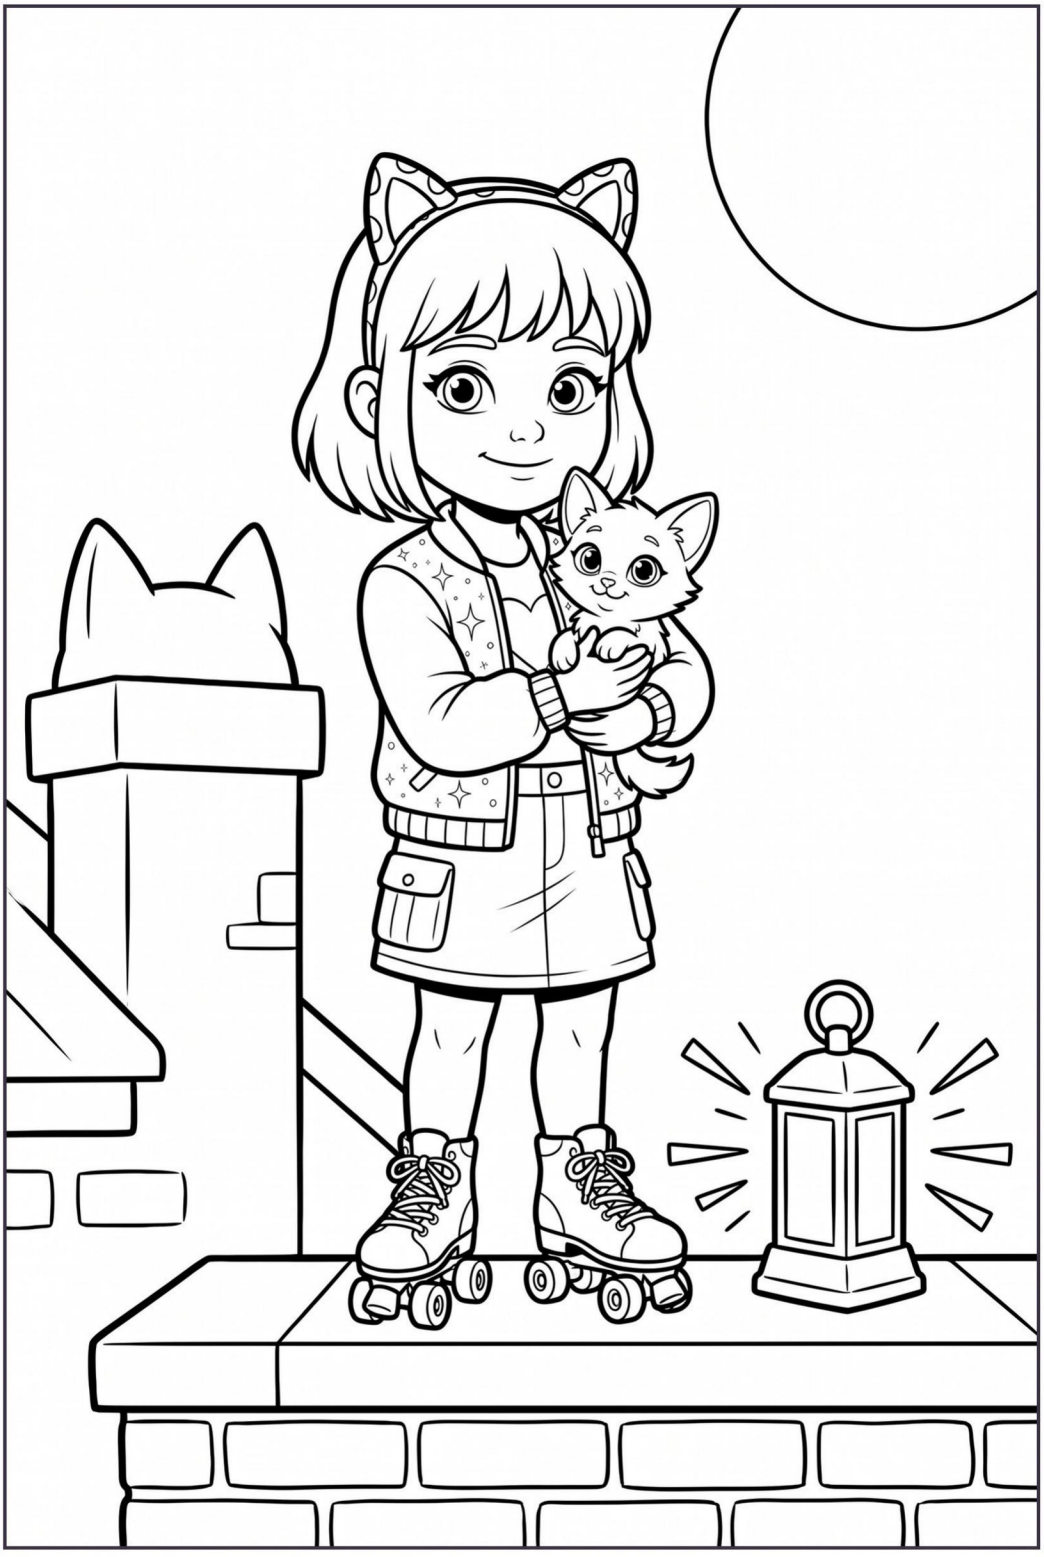
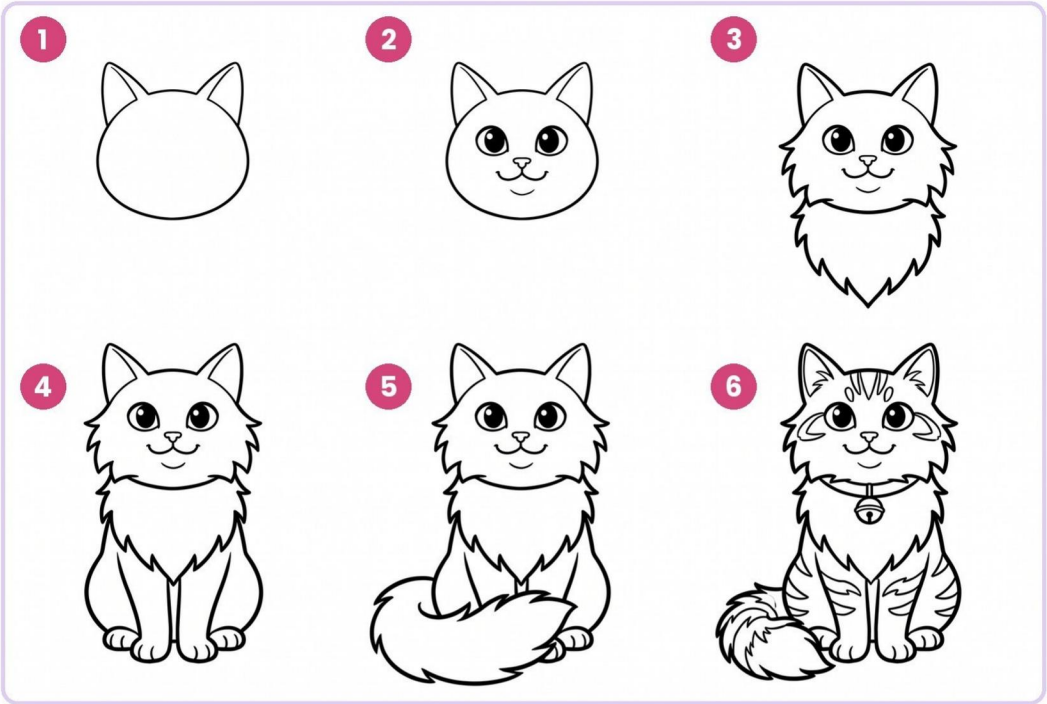
Dori and Mochi, ready for adventure



Dori brings Pip home safe

How to Draw Mochi

Follow the steps, one at a time



Step 1: Draw a circle for Mochi's head with two pointy ears on top.

Step 2: Add big round eyes, a small nose and a smile.

Step 3: Draw a fluffy, zigzag chest under her chin.

Step 4: Add a sitting body with two front paws.

Step 5: Give her a big bushy tail curling around her paws.

Step 6: Add her tabby stripes, then her collar and bell. (It's not sneaky. That's the point.)

Your turn! Draw Mochi here.
